My Final Edition

That day that I had hoped would never come has arrived. For personal reasons I must step aside and end my duties as editor/publisher of our APEX. Without going into details, I will say that I was neither asked nor coerced to step aside. I do this voluntarily.

The APEX has been a part of my life since our chapter was reformed in the mid-1990s and I have derived a lot of pleasure in doing the job. My hope is that someone, from among our membership, will step forward to take on the task. If necessary, I will assist my replacement if asked to do so.

My chapter 19 member will continue by attending meetings and functions . I am stepping aside to make room for new blood. I believe that the chapter is in good hands and my hope is that it will continue to function and thrive for many years to come.
